The National MS Society's [FY2020 Q3 Strategic Plan Progress Report](#) summarizes the Society's progress from April through June 2020 in each strategic plan impact area. The second page of the report focuses on confronting racial injustice and highlights the statements the Society made following the death of George Floyd and some reactions to those statements.

In this video, President and CEO Cyndi Zagieboylo focuses on the work the Society plans to do to correct misinformation and address disparities in the Black community.
